## About Us

Otto International is considered as a noteworthy manufacturer and exporter of Bronze Metal Cremation Urns, Brass Metal Pet Cremation, Brass Decorative Cremation Urns and allied products. Best grades of bronze, brass and other material are used to make them. Our personnel makes use of various detailing tools and instruments so as to design offered cremation sets in a perfect amalgamation of traditional and modern designs. The array of products offered by our firm is apt for personal use, decoration purpose or to gift close ones. Features like resistance to corrosion, mesmerizing designs, durability, attractive appearance and innovative patterns & shapes have enhanced the demands of our cremation products, worldwide.

We consider increased customer contentment as the primary factor for gaining quick growth and enviable success. In line with this, we continuously work to deliver products according to client's requirements and budget. Our customers can choose from a variety of color shades, designs, diameters, textures, sizes, and patterns. The quality of our decorative cremation urns and other products is the main reason of its higher demand. This quality factor, when combined with the perfect look of the urn which compliments the memorial, makes it the best choice in the market.
